

Festival Ciné-Palestine

5th
edition

30 May
10 June

The Festival Ciné-Palestine (FCP) is pleased to invite you to attend its 5th edition, which will be held from May 30 to June 10, 2019 at its partner cinemas:

the Luminor Hotel de Ville and the Cinema Les 3 Luxembourg in Paris, the Méliès Cinema in Montreuil, the Cinema l'Ecran in Saint-Denis, the Cinema Jean-Vigo in Gennevilliers, the 3 Cinés Robespierre in Vitry-sur-Seine and the Studio in Aubervilliers.

Since our first edition in 2015, the FCP has promoted to French audiences a Palestinian cinema which is rich and varied. In particular the FCP supports a new generation of artists present in all areas of filmmaking creation, including the most innovative.

To celebrate this 5th edition, the FCP is pleased to program about twenty films and to welcome seventeen guests, directors, actors and producers that will be present to meet and converse with the audience after the screenings.

Always on the lookout for the latest movies not yet released in France, the Festival Ciné Palestine opens its 5th edition with the advance-screening of *Mafak-Screwdriver* by Bassam Jarbawi.

Particularly sensitive to the sharp eye of international filmmakers who find in Palestine a story of struggle worthy of being told and staged, the Cine-Palestine Festival this year presents two favorite films, *Gaza Ghetto* by PeÅ Holmquist (1985) and the *Apollo of Gaza* by Nicolas Wadimoff (2018).

To denounce the constant violence in the Gaza Strip since the beginning of the blockade in 2007, the FCP wishes to highlight films produced there: today's stories but also timeless stories that allow us to perceive and analyze the huge changes that have taken place in this territory in such a short time.

Rashid Masharawi, one of the most prolific filmmakers in Gaza, will be honored in a Master Class that will cover his filmmaking career.

Young, emerging Palestinian filmmakers also have their place in this 5th edition. A «New Generation» short film contest is dedicated to them.

As we've done each year, an open-air event is planned in front of the Saint-Denis Basilica. With its many surprises, both adults and children will be delighted.

The closing ceremony will take place at the Le Studio cinema, preceded by a roundtable on the heritage and preservation of Palestinian film heritage archives with Bashar Shammout and Khadijeh Habashneh. Ours is a Country of Words (2017) by Mathijs Poppe, a poetic movie, full of hope, will conclude the 2019 edition of the Cine Palestine Festival.
